Together, we can build a safer sector

The **Nigeria Hub** is part of the **Safeguarding Resource and Support Hub (RSH)** but designed to support smaller, local organisations working in the humanitarian and development sector in Nigeria. We have a National Associate based in Abuja who runs the Nigeria Hub and makes sure the Hub is contextually relevant.

What does the Nigeria Hub do?

-  A series of webinars and podcasts on key safeguarding topics
-  Six-month mentorship schemes for civil society organisations (CSOs) in Nigeria
-  Quarterly newsletters in English, select resources in Hausa, Igbo and Yoruba
-  A free Ask an Expert service where you can ask safeguarding queries
-  Develop contextually relevant resources
-  Animations on safeguarding, like [this one](#) on basic concepts and [this one](#) on community feedback mechanisms

How does Ask an Expert work?

1. Email us at askanexpertonigeria@rshub.org.uk
2. Describe what you need our help with. Questions must be related to safeguarding and SEAH. RSH can support with providing trainings, development of safeguarding policies or other resources apart from funding proposals.
3. We will match you with a safeguarding expert. We offer up to 2-3 days of expert time in calls, emails and reviewing materials.

Ask an Expert is a **free** and **confidential** advice service for any CSO based in Nigeria. No question is too big or small to ask.

Safeguarding Resource and Support Hub

The [Safeguarding Resource and Support Hub \(RSH\)](#) supports organisations in the humanitarian and development sectors to strengthen their safeguarding policy and practice against Sexual Exploitation, Abuse and Sexual Harassment (SEAH).

By offering a wide range of free tools, training and advice in over 10 languages, RSH enables people and organisations to reduce the risk of harm.

Our platform is open access, but we prioritise the needs of smaller civil society organisations.
